

## ***Spotlight Couple #12***

Bill and Mary Lou Bonneville

ME Class #37

Merry Christmas to all of you! As we end this year, we were inspired by the story of our featured couple, Bill and Mary Lou of Woodbury, Long Island, NY. They are so grateful to the KFI Marriage Encounter and Father Watin who “taught us the power of Faith” to surpass the challenges of life. We are staying away from the regular format. Instead, here’s what they have to say ...

Dear Spotlight Readers:

We were honored and very happy that you asked us to be the Spotlight of the month, but right now we have too many health issues to deal with. We feel we cannot fulfill the tasks at this moment. We are very blessed to be with the ME group.

In writing this email, we can answer some very strong points of love and marriage. It is a commitment, a social blessing and strength given by God. The Holy Spirit is helping and bringing us through these difficult times. We are so blessed that Bill is doing so well with his cancer. Sorry, we thought answering questions needed to be more fun but we’re unable to do it now. But we know really the best thing all ME couples need to understand is life is great with a loving partner, how sometimes it is not all fun and how God puts us together as a couple to be there for each other.

God is so good and so are all the wonderful times we had and learned from Marriage Encounter. Love to all of you and the great works you do. Bill and I have been beyond blessed to be lovingly married 43 years. He was diagnosed 15 months ago with a terrible cancer. We are so blessed that Father Watin and ME have been having healing masses. Doctors are amazed how well he is doing. We constantly let people know prayers move mountains. Yes that would be great. We feel the Holy Spirit has given us answers. Everyone we have met has been wonderful. We are from Woodbury, Long Island, NY. We attended Marriage Encounter Weekend Class 37 at the Immaculate Conception Seminary in Huntington, NY in 2017. It was so beautiful. We had no idea what to expect, but for us, it was beyond wonderful!

Love,  
Mary Lou and Bill

XOXO
